## USJF National Teachers/Instructors and Assistant Instructors Course

Continuing education is a process by which all professional organizations maintain excellence in their field. Likewise, the United States Judo Federation, with its long-standing tradition of technical excellence, is committed to serving its members with the latest information and procedures adopted from our international judo community.

The USJF Teachers Institute, Master Teacher certification and the Assistant teacher certification course will be informative and useful in your program. The chapters begin with a related story, and then bite size bits of information. The manual covers Judo History, Judo Philosophy, Ethics in Judo, Judo Biomechanics, Teaching Tools, Systematized Teaching systems; Lesson planning and recognizing and demonstrating Tachi-waza and Ne-waza Techniques.

The assistant judo teacher is the master teacher (Sensei) right hand person. He or she is there to assist the teacher with the conduct of the class. The assistant teacher may present all facets of judo instruction he or she is qualified to instruct. The *randori* session requires the *immediate* supervision of the master teacher (Sensei).

We know the importance of judo information is an ever-changing environment and we applaud your efforts to accommodate your future judokas.

Email: Mitchell Palacio, [mtpalacio@msn.com](mailto:mtpalacio@msn.com) to confirm your participation. The USJF Teachers manual is ONLINE at [www.usjfteachers.com](http://www.usjfteachers.com).
